

Buddy, Buddy, Be My Friend!

Intro

Hey! Hey! Who's coming our way?
It's Buddy the Friendship Bear today!

Verse 1

Buddy wakes with a smile so bright,
Ready to make somebody's day feel right.
A friendly hello, a wave of his paw,
He welcomes everybody through the door.
If you're feeling shy, if you're feeling blue,
Buddy says, "There's always room for you!"
Side by side, wherever we go,
Planting little seeds of friendship as we grow.

Chorus

Buddy, Buddy, be my friend,
Friendship has no start or end!
Kind little words, kind little deeds,
That's the friendship everybody needs!
Buddy, Buddy, come along,
Together we are brave and strong.
You be you and I'll be me,
That's the way that friends should be!

Verse 2

Buddy loves to laugh and share,
And notices when someone needs some care.
He'll save you a seat, he'll share his treat,
And make every new friend feel complete.

Bridge

One kind paw can start a chain,
Bring out sunshine after rain.
Different faces, different ways,
Friends can make much brighter days!

Final Chorus

Buddy, Buddy, be my friend,
Friendship has no start or end!
Hand in paw, come join the fun,
There's room in our world for everyone!
Buddy, Buddy, shout hooray!
Let's make a brand-new friend today!
Kindness, friendship—come with me...
We're one big Emoti bear family!

Ending

"Hi, I'm Buddy... wanna be friends?"
